Utilized MongoDB hosted on AWS as the Database and developed using Node JS, Express, React and hosted on a GitHub Repository. (3rd Year 1st Semester). Contributed to the project as the project leader.

Electrical Distribution System: Developed a Web based Electrical Distribution System and deployed. Developed using Java, Maven project management tool and tested using Postman API testing tool. Contributed to the project as the project leader.

SKILLS & INTERESTS

I'm a person who is highly organized, self-motivated, innovative, and proficient with computers. I am always working harder to improve every aspect of my life. As an Undergraduate, I love to work in a place where I can improve my technical skills and soft skills in every possible way. I have a great team working and leadership skills. In other words, I'm a sociophilic person with a nice attitude.

Interests : Leadership, Technical Works, Team Working, Entrepreneurship, Learning, Innovation, Music, Cinematography, Fitness

EXTRACURRICULAR ACTIVITIES

Sports: School Athletics (Competitive Running, High Jump, Long Jump)

Leadership: Worked as the Project Leader Several Times for University Projects, School Prefect for two Years (Grade 12 & 13)

Clubs and Societies: Member and Content Writer - Leo Club of SLIIT

Volunteering: Volunteered for Projects handled by Leo Club of SLIIT, Volunteering at Embark
